

# SUZUKI New Soprano Recorder

Designed based on Original model made by craftsman in the Baroque period!

## ☆Point 1

### ARCHED WINDWAY !

An arched windway has a full, glossy tone and gives the player more resistance, providing more control.

## ☆Point 2

### Finger reaches the hole without difficulty !

Fit small hands of Children because the finger hole size is smaller and the spaces between the holes

## ☆Point 3

### Playing/Sounds features !

Easy to blow / make low pitched sounds. Balanced pitch in all register you can make.
